THE 2008 CHURCH WIDE GOAL:

“In 2008, we each commit to grow spiritually by reading through the scriptures and reaching a seeker.”

1. Read John 15:1-8. Do you think the concepts of “remaining in Christ” and “bearing fruit” parallel our 2008 goal? How?
2. Reading the Scriptures is a maturity goal and reaching a seeker is a mission goal. Is the order in which these two goals are stated important? Should one be pursued without the other?
3. Which part of the goal excites you the most? Which part challenges you the most?
4. Read Psalm 1 and look for the relationship between root and fruit. Ask God to help you dig deep roots into His Word and produce abundant fruit in His work.
